Missionaries and Faith Giving for November

Jeremy & Susan Beebout

Beyond the gates of the compound stretches a busy dirt road bordered by small shops, a warehouse, and many worn down mud-brick houses. This is just one corner of Niamey, Niger's capital, where its one million residents are daily confronted with the challenges of climate, unemployment, and lack of basic necessities including food and basic health care. The compound is home to CADR, the development office of the Evangelical Church of the Republic of Niger. CADR now operates two clinics, a university (nursing school presently), and a guesthouse.

The Beebouts support all these ministries, providing affordable healthcare to folks from all over the country who regularly battle with recurrent malaria, diarrhea, and respiratory infections. The clinics and CADR staff have created a welcoming community where health issues and other challenges, life stories, and faith in God are shared.
